

## TUITION RATES for Programs: Effective April 1, 2024

This rate sheet is primarily for families that do NOT qualify for Child Care Financial Assistance (CCFAP). For these families their out of pocket tuition will be the “Non CCFAP Family Share” set out in the tables on this rate sheet.

Families who do qualify for CCFAP will find their “family share” (tuition) on the certificate they receive from the Child Development Division. This share will be invoiced on a monthly basis on the 1st of each month and calculated as 1/12th of the 12 month total family share based on their existing certificate. For example, if the family share is \$150/week the monthly charge will be calculated as  $\$150 \times 52 \div 12 = \$650/\text{month}$  and this would be collected on 1st of each month *in advance* starting upon the date of enrollment. These families are not eligible for the discounts set out in the Tuition Tables below.

We require all families to enroll in Bank Direct Debit (ACH) and do not accept credit cards. All tuition is due in advance of month/quarter of attendance. We do not offer weekly billing.

- We apply a 5% discount for quarterly payment plans. Quarterly payments are due on March 1, June 1, September 1 and December 1.
- We offer a 10% sibling discount off the lowest tuition only. (non CCFAP only)
- We have a one time, non-refundable, registration fee of \$80 per family for all newly registered families. This fee is waived upon registration of a subsequent child.
- We require a creditable deposit equal to ½ month for monthly tuition payments and ½ quarter for quarterly tuition payments for new registered families, or for families changing tuition payment schedule from monthly to quarterly. If a CCFAP certificate is active at the time of registration then the required deposit will be equal to ½ x Family Share monthly contribution (as calculated above). If a CCFAP certificate is obtained after registration, the deposit already paid will be reduced to ½ x Family Share monthly contribution and any remaining credit balance applied.
- A “Non-CCFAP” family is a family who is not eligible for the CCFAP program as of the date of billing and subject to our regular tuition. They have the option of a discounted quarterly payment plan and are eligible for the “Non-CCFAP” reductions set out in the Tuition Tables below.
